

Community Clean Up – September 20, 2026

Our community cleanup was held on September 20, 2026. We were proud to have volunteers from the McKenzie Scout Troop 210 and one volunteer from the community come and support us.

Due to the enthusiastic volunteers, we covered a lot of ground! We cleaned the ball diamonds to the south of St. Albert the Great school, the schoolyard at St. Albert the Great, the transit right of way along 52nd Street from McKenzie Towne Blvd to Prestwick Gate SE, the soccer field at Prestwick Gate and 52nd Street, and the Fire Engine Park in Prestwick. We had great weather – a bright sunny day, which made things easier.

Thanks to the City of Calgary for providing us with garbage bags and arranging for disposal of the garbage.

What's next?

We would like to do this community clean up once a month from May to September each year. Doing this once a month will keep the community cleaner and allow us to cover more ground – hopefully each park in McKenzie Towne will be cleaned once a year.

We would like to have more volunteers from the community join us – there will be lots of notice of the dates and times. We are also hoping to hear from community members – are there places in McKenzie Towne where garbage tends to accumulate? Let us know, and we will plan to clean those areas as often as possible.

If you have questions, have suggestions on which areas to clean, or would like to join us in the spring, please email Mike Pasma at vicepresident@mymtca.ca.
